OBJECTIVE

I am a recent college graduate, seeking a job in the field of Computer & IT, with a focus on data management. With this job opportunity, I hope to apply all that I have learned from my classes in a real-time setting while also gaining professional experience from a well-recognized establishment and expanding my knowledge on high-level programming languages. My eager attitude, self-starting personality, and passion for technology make me the perfect candidate for any new learning experience in this field.
